

LITTLE WOMBAT GOES TO CHILDCARE

When Little Wombat goes to childcare he wants to take all his favourite things. Mum says he can only take his hat and a change of clothes, but she is forgetting about Frog.

Little Wombat hasn't forgotten about Frog. Childcare is even more fun when Frog is around, because when Frog croaks magic happens. Friends turn into fairies and elves, a dinosaur appears out of a painting, a play gym turns into a castle ...

But as with all good magic, the unexpected is waiting just around the corner. Oops-a-daisy, Little Wombat! A cuddle makes it all better, and Little Wombat is ready to play again.

When Little Wombat and Mum arrive at childcare, they put away his bag and hat, and then say goodbye.
